

Sprint 2 Report
AutoAudio
The Awesome Team
July 16, 2019

- Actions to stop doing:
 - Stop working on redundant code
 - During the previous sprint, we were working on two files designed to solve the same problem:
 - `runTheThing.py` and `WindowManager.py`
- Actions to start doing:
 - Start conforming to proper coding guidelines
 - This will make our code easier to read
- Actions to keep doing:
 - Holding meetings after class
 - This helps the team stay up-to-date and cooperative
- Work completed/not completed:
 - Completed:
 - As someone who wants to learn sheet music, I want to see where the note I am playing is on the score.
 - Not Completed:
 - As someone who improvises music, I want the name of my improvisation to be displayed on top of the sheet music so that I can keep them straight.
- Work completion rate:
 - Number of user stories completed: 1
 - Total estimated work hours: 40
 - Total work days: 5
 - User stories/day: 0.20
 - Work hours/day: 8
 - Total Average User Stories/Day: 0.33
 - Total Average Work Hours/Day: ~6

- Burnup Chart:
